

CITRUS ESSENTIAL OIL BLEND –
IMMUNE BOOSTER, WEIGHT LOSS, PRODUCTIVITY, PH Balance.

Although essential oils have been used for ages, we still know little of the remarkable benefits these oils entail for us. Revelation 22:2 says:

“The leaves of the trees will be for the healing of the nations.”

CITRUS ESSENTIAL OIL BLEND contains Lemon, Tangelina, Grapefruit, Spearmint and myrrh essential oils, all well-known for their Immune boosting, PH Balancing, weight loss and productivity properties. Research at a Japanese University found that workers' concentration improves by up to 54% in offices where a citrus aroma is present.

HOW TO USE

1. The easiest and most effective way of is by inhaling, using an essential oil diffuser 20 minutes twice a day.
2. Diffuse in office space to enhance overall and productivity.
3. Inhaling through diffusing enhances the immune system.
4. When used while working at your computer, static electricity is removed, computer radiation as well as dust in the air are reduced.
5. Humidifier effect protects the skin and eyes against dryness.
