

CRYSTAL CLEAR ESSENTIAL OIL BLEND
PROMOTES FOCUS & CREATIVITY

Although essential oils have been used for ages, we still know little of the remarkable benefits these oils entail for us. Revelation 22:2 says:

“The leaves of the trees will be for the healing of the nations.”

CRYSTAL CLEAR ESSENTIAL OIL BLEND contains Peppermint, Cedar, Frankincense, Helicresium, Cypress and Tangerine essential oils, all well known for their ability to promote focus and creativity.

HOW TO USE

1. A great idea is to diffuse this oil. Add 4-5 drops to your diffuser. Use as necessary.
2. Combine 2-3 drops of this blend with one tablespoon of coconut oil or one of your TLC Lotions and massage into palm of your hand. Inhale deeply and enjoy!
3. Add 3-4 drops in 50ml spray bottle with distilled water and use as necessary.

Caring for your essential oils: Essential oils and carrier oils are vulnerable to heat, moisture, air and light. Store in a cool, dark place with lids well sealed.
